

Division Three Pressure Reducer Valve

Division 3 Pressure Reducer Valve

Location	Junction of South and North Nason Roads
Installed	~2006
Manufacturer	Cla-Val
Catalog	90-84/690-84
Drawing	206407

The water pressure at [Junction of South and North Nason Roads](#) is ~90 PSI. The pressure would be even higher at the bottom of North Nason road. So there is a pressure reducing valve at [Junction of South and North Nason Roads](#).
